

## Welcome Message

Hello,

We are glad you have visited our website. I invite you to take a tour of our community and hope you will find the time to come and visit us.

We are no longer the best kept secret in "rural Georgia". Our people, with their southern hospitality, create a unique community. Those charms and the cooperation among businesses and the private sector will entice you to visit and make your home in Berrien County.

Known as the Bell Pepper Capitol of the World, we pride ourselves in our rich heritage. Even while preserving our heritage, the diversification of our economic base represents stability and willingness to be progressive.

We are very proud to be neighbors with Moody Air Force Base and invite enlisted personnel and retirees to visit and make their home in our community.

As you continue touring our website, you will see the community is very proactive and willing to help you and your company to grow in our community.

Please continue on with your tour and if you have any questions please contact me.

Sincerely,  
Mary Alice McGee  
Executive Director
